

SmartOffice Service Provider Interface for BGAs: ExamOne

Streamline the underwriting process with electronic requirement ordering

Now available for ExamOne, the SmartOffice Service Provider Interface is designed to significantly increase the efficiency and productivity of new business processing. A no-cost add-on to SmartOffice®, the interface offers electronic requirement ordering using direct integration into your SmartOffice pending case workflow.

The SmartOffice Service Provider Interface allows you to order exams right from the SmartOffice desktop. Once exams are ordered, the provider is alerted to begin processing the order immediately. Status updates are received through SmartOffice and viewable by order number in Smart-CaseManager, saving time and making it easy to keep track of all orders right from the SmartOffice desktop.

- > Eliminate the time-consuming process of ordering services manually and chasing after statuses
- > Order paramedical services and associated underwriting requirements directly from your SmartOffice desktop
- > Automatically receive statuses back from ExamOne for each requirement

ABOUT EXAMONE

ExamOne provides an integrated supply chain of requirement acquisition services for insurance companies and agencies, including paramedical examinations, laboratory testing, attending physician statements, prescription database searches, motor vehicle reports, fraud detection database searches, teleunderwriting and inspections. The company's integration simplifies the order, status, and retrieval of these products, provides one source for all underwriting requirement needs, and accelerates the policy application-to-issue process. For more information, visit ExamOne on the web at www.myexamone.com.

ABOUT E-Z DATA

E-Z Data, Inc., established in 1986, is a leading provider of front-office systems for insurance companies, banks, broker-dealers, general agents, agents, and financial advisors.
